

Integrated Silicon Solution, Inc.

Process Change Notification

Date: October 15, 2003

Change Notification No. 3-3003

From: ISSI-Integrated Silicon Solution, Inc.
2231 Lawson Lane
Santa Clara, CA 95054-3311

In order to service customers efficiently, we are consolidating SRAM part numbers. Consolidating part numbers will help in providing improved lead-time and cost effectiveness as the demand for products that have been selected for obsolescence is very poor. For customers who do not wish to change to the new part number, we are providing a last time buy opportunity until Feb 27, 2004.

Reason For Change:

This will improve the availability of the product.

Date of change: March 1, 2004

Characterization and Qualification data is available on request.

Marketing: Ron Kalakuntla
SRAM Marketing
